Foreign Language Mission Statement and Wachusett District Goals for Languages:

The Foreign Language curriculum at Wachusett Regional High School supports communicative proficiency, based upon the development of the four language skills of reading, writing, listening, and speaking as well as cultural awareness.

- Students pursue proficiency in another language so that they may achieve purposeful and meaningful communication.
- Students develop an understanding of another culture that supports their positive interaction with diverse people.
- Students understand the commonalities of language learning.
- Students experience language learning that encourages spontaneity, risk-taking, and personal growth.
- Students develop the language skills essential to understanding authentic materials such as newspapers, film, television, magazines, etc.

Requirements to move on:

All students must obtain an overall (year end average) of **70% (C-)** in order to continue on to Spanish 3 at the same level (Spanish 3CPA or 3 CP). Students must complete a minimum of 2 consecutive years in one language in order to graduate from Wachusett.

Overview:

Students will learn to communicate using various structures and vocabulary in everyday situations. Although students will practice reading and writing skills, the focus of the course is on listening and speaking. Students will cover various present tenses, past tenses, and future tenses, along with learning vocabulary to enhance their ability to communicate.

Language Use:

Spanish is expected to be used by both the teacher and the student as much as possible. In the second year of instruction, there will be extensive use of the language to prepare students for the predominant use of Spanish in Spanish 3.

Note: if students are having difficulty keeping up with the class, they are encouraged to come for extra help before or after school.

Department Homework Policy:

In the Foreign Language Department the purpose of homework is to provide students the opportunity to further develop their language skills and cultural awareness. It serves to reinforce newly introduced concepts and knowledge, review previously learned material, and supplement concepts that have already been introduced (especially cultural material).
