 6. Class attendance is very important for success in this course. You need to attend class and arrive on time. Tardiness is not acceptable; you must be in your seat by the time the bell rings. Excessive absences may cause you to fall behind in your work. Keep up with missed work at cuadernospanol.com and Google Classroom.
 7. **Cheating will not be tolerated.** Any student suspected of cheating may receive a zero on the assignment and/or additional punishment. Do not use an online translator or AI to complete any assignment or part of an assignment. Only dictionaries are allowed to look up unknown words and only with teacher permission. All work must be your own. Do not ask other students, relatives, friends, AI, or the Internet for help on assignments without permission from instructor. Providing assignments for others to copy/reference will also be considered cheating and subject to the same punishment. **School Policy:** *All students' academic work must reflect their own honest efforts. Cheating and plagiarism in any form will not be tolerated. This includes, but is not limited to copying homework, papers, lab reports, or quiz or test answers; acquiring or disseminating quizzes or tests before they are administered; or using information from the Internet or other outside sources without proper attribution. Any student known to have cheated will be subjected to penalties, up to receiving "0" for the work. Generative AI, such as ChatGPT, is able to produce content written, audio, and visual content that bypasses the creative functions of its users. Students are responsible for submitting their own work and displaying their own understanding, knowledge, and creativity. It is the responsibility of the student to prove that AI was not used by showing the evolution of their work through outlines, drafts, editing, proper citations, etc. If the student admits to using AI or cannot sufficiently defend the authenticity of their work, the consequence will be the same as plagiarism.*
- Failure to comply with classroom expectations will result in a discussion about your behavior after class/school, a detention, a call home to your parents, or a team meeting.
